Dear Dr. Payne,

The 2015 SARIF Equipment and Infrastructure Awards Committee has completed their recommendations and the Office of Research & Engagement has made its funding decision. ORE received a total \$456,270 in requests for funding this year and we were able to fund \$297,277.50 towards the requests this year. I am pleased to inform you that your request to purchase a projection design/video mapping system has been approved for up to \$24,600 from the SARIF Equipment Funds with a \$34,800 required match. These funds must be expended by June 30, 2016. Marsha Jennings will contact your accounting staff regarding reimbursement.

Please contact me if you have any questions or are unable to complete the purchase this fiscal year.

My Best,

Janet
