

Epson 7K.  
0.8 wide angle lens  
8' off ground

I suggest putting the  
Blackout on lineset 49  
instead of 48. Alternatively,  
we can push the curtain  
behind the projector or  
projector boom stand.

Epson 6K.  
Standard zoom lens  
on platform above exit.  
pair - HL and HR

Epson 10K  
1.3 zoom lens  
Hang below Cat 4  
(Typical CC position)
